FIDS AIO M19

All-in-one PC with built-in battery – portability in a unique design!

The FIDS AIO M19 has a built-in battery and a – for its size – low weight. This makes this All-in-one PC highly portable and gives the user a new freedom of movement.

The customer has a choice of operating systems, Microsoft Windows 10® or Android 4.4® or both with Dual OS mode. The 19.5 inch HD-display with 10 point capacitive multi-touch is activated by finger or with capacitive pen¹⁾. An HDMI input connection is available to allow an external source to drive the screen.

The unit has an integrated tripod on the rear which allows angle adjustment when the computer is placed standing. Mount points, for VESA-holders¹⁾ make the FIDS AIO M19 ready to mount on a wall or in a vehicle.

The device is available in black or white.
