Welo R10

Rugged and userfriendly Tablet PC at a very appealing price!

Welo R10 is a tough, reliable and affordable rugged Tablet PC, combining the appreciated functions of a rugged computer with the benefits achieved by low weight and slim design.

The screen is readable even in daylight and the Welo R10 is designed for easy connectivity as well as having accessories such as holders and handles for safe transportation. The Welo R10 has the features which most professional users seek - at an attractive price.

Welo R10 is supplied with a specific highly developed 10,1" sensitive capacitive multi-touch screen and a powerful battery with the capacity of 8000mAh. Welo R10 is in spite of it's robust and proof qualities, very easy to handle thanks to a low weight of only 820g.

The unit is dust- and waterproof according to IP65, and is drop tested for a fall up to 1,2m. Welo R10 is a very affordable rugged tablet PC - very comprehensive, and with reliable functionality.

Capacitive multi touch screen

Unique keyboard/cover available as accessory

Magnet keeps the screen standing

Slim design and light weight

Table holder is available as an accessory
